2. Market signals (what is selling right now)

Store	Signal	Source	What it tells a new seller
🇦🇪	Beauty top 10 (Oct): **medicube holds 4 of the top 10** (PDRN serum, gel mask, zero-pore pads, collagen cream; 4k–41k ratings), plus CeraVe, Dr.Althea	MetricsCart Amazon.ae Beauty	**K-beauty is as hot in the UAE as in the US.** Topical creams need registration and are brand-led, so the opening for a new seller is **non-topical K-beauty tools**: ice rollers, gua sha, silicone face brushes, reusable cotton pads
🇸🇦	Home top 10 (Sept): sponges, baking paper, table covers, **digital food scale (#8 avg, 21.6k ratings)**, **Amazon Basics velvet hangers 100-pack (#9, 196k ratings)**	MetricsCart Amazon.sa Home	Cheap consumables lead again. **Hangers are harder in KSA than UAE** because Amazon Basics dominates; focus closet ideas on **abaya/scarf organisers** there
🇺🇸	**Ceramic car polish:** +24% search in 90 days, +213% over 5 years, BSR #968 Automotive	Easync (Google Trends + BSR, 27 Oct)	Car care is growing. Private-label the **non-liquid** side (microfiber, brushes, pads) to avoid hazmat rules
🇺🇸	**Laptop screen cleaning spray:** #2 in Lens Cleaners, +31% search in 90 days	Easync	Screen-cleaning kits (water-based spray + microfiber) are a low-cost add-on niche
🇺🇸	**Men's face moisturizer:** "breakout" search growth in 90 days, +335% over 5 years	Easync	Men's grooming is rising. Tools and gift sets (beard kits, grooming bags) avoid topical compliance
🇺🇸	Matching family Christmas pajamas, desk calendar refills in top sellers	Southern Savers, Easync	Holiday-only items. **Too late for a new seller**; skip

4. Top pick deep-dives

The two top picks are unchanged. See 10 Nov for the snuffle mat and 11 Nov for the Ramadan set. Today's deep-dive is the new entry.

🆕 Car detailing kit (all three stores)

- **Product idea:** 12–16 piece kit in a carry bag: plush microfiber towels (different GSM for drying, glass, interior), wheel and detail brushes, wash mitt, foam applicator pads. **No chemicals**, so no hazmat review and no SABER/SFDA chemical approvals.
- **Unit economics (example at $29.99 on Amazon.com):**

Item	Amount
Sale price	$29.99
Referral fee (automotive ~12%)	−$3.60
FBA fee (large standard, ~1.5 lb, estimate)	−$6.20
Landed cost (estimate)	−$6.00
Ads (~15%)	−$4.50
Net profit / unit	**≈ $9.70 (≈ 32%)**

  In the Gulf, sell at **AED/SAR 89–109**; add 5% duty + import VAT to the landed cost.

- **Differentiation angle:** Gulf heat and dust: market it as a **"dust & sand kit"** with an interior dashboard brush and a sunshade-friendly glass towel. In the US, position it as a gift for car lovers (Father's Day, Christmas) and a **"ceramic coating maintenance kit"** to ride the ceramic-polish search trend.
- **Validate before ordering:** top 10 for "car detailing kit" / "microfiber car wash kit" (aim for a median under ~500 reviews), most common complaints (lint, towels shrinking after washing), and the GSM of competitors' towels.
- **Risks:** Big brands (Chemical Guys, Meguiar's) own the liquid side; stay in accessories. Towel quality varies widely between suppliers, so wash-test samples.

5. Changes since yesterday

- **New:** car detailing kits (10/13), screen cleaning kits (9/13), men's grooming tools (8/13).
- **Down:** closet organisation 10 → 9. The Amazon.sa Home top 10 includes an Amazon Basics hanger 100-pack with 196k ratings, so hangers are harder in KSA. Abaya/scarf organisers are still open.
- **Confirmed:** K-beauty demand in the UAE (medicube has 4 of the top 10 Beauty spots), which supports beauty tools for the Gulf stores.
- Countdown: 7 days to the White Friday deal deadline; about 10 weeks to the Ramadan stock deadline.
